The Chesapeake Marine Canvas Fabricators Association, Inc., is an organization of Fabricators who design and manufacture fabric products for the marine industry as well as the Suppliers who support them. Once a year, the Association runs the largest Marine Fabricators convention in the Mid-Atlantic/Northeast region.

At this annual event, we conduct seminars, workshops, and lectures concerning our trade, as well as pointers on how to run a small business. At this year's convention, you will have the opportunity to:

- Exchange ideas, ask questions, find solutions, and share information with other industry professionals.
- Acquire both new business and technical skills.
- Stay current with the latest techniques, fabrics, supplies, and tools of the trade.
- Visit with the major suppliers of our industry at one location, to learn firsthand about new products and obtain new sample books and literature.
- Everyone will gain some new information to help them not only in the upcoming spring season but also maybe in the next week!
- We also hope to provide a little fun and entertainment, too!!

From the desk of the President—It is Convention time again!

I apologize for running late with convention information this year—I've just been too busy with business and personal obligations.

This Association has a special meaning to me as I hope it does for you. I think it is very important that our trade has an Association that affords its membership. The opportunity to get together to exchange ideas and views and to learn more about the special vocation we have chosen.

Always keep in mind that as a fabricator of marine canvas and upholstery you are a professional and in much shorter supply than most other specialized fields. Try to out quality work at all times to keep the word professional associated with marine canvas and upholstery fabrication.

OK all you Pros, come join us at the convention, it's Chesapeake Marine Canvas Fabricators Associations 21st year!!

Ty Hancock, President
